Spring 2016

MESSAGE FROM THE PRESIDENT

It has been an exciting year so far at Ocean Tides. Our annual reception was a great event, our young men enjoyed an incredible Christmas season thanks to the generosity of so many donors, and three young men were able to graduate from high school at the end of the first semester. We have been able to add some new vocational educational workshops thanks to funds in the *Brother B and Jane G Vocational Education Fund*, including a workshop on hair styling. Programs and activities continue to help our young men find hope and opportunity. I look forward to seeing you at the Hall of Fame Dinner event where we will close out our 40th Anniversary year. Your support allows great things to happen at Ocean Tides. Thank you.

OCEAN TIDES NEWS

The Alumni at Annual Reception October 23, 2015

One of the special features of Lasallian Residential Youth and Family Services work is that no matter how they came to us, or how long ago they left, Ocean Tides will always be home for our students.

We managed to get a couple of photos of our alumni attending the Annual Reception on October 23rd, conversing, reconnecting, and enjoying memories while looking through their yearbook.

Let Them Race Science Project

Who says science can't be fun? Our students designed, built, and raced their own CO₂ propelled cars using technology and wood working skills. These projects were fast!

A Merry Ocean Tides Christmas

At Ocean Tides, many of our boys in the residential program do not get to go home for the Christmas holiday. So we bring the holiday to them!

Ocean Tides staff and culinary students turned the dining hall into a fine dining experience, trimmed with Christmas decorations and linens, and prepared a delicious feast for all invited: Ocean Tides' faculty and staff, Christian Brothers, family, friends, Lasallians from our local Rhode Island ministries (La Salle Academy, St. Raphael Academy, San Miguel School, Tides Family Services), and of course our boys!

Our Students Continue to Succeed

As our boys continue to grow and learn, they are rewarded with special trips and programs, including a recent visit to SkyZone Trampoline Park. Our boys are flying!

A special congratulations to our newest graduate Nelson, who is no doubt flying to the moon and back. Plenty of hard work and dedication from him as well as Ocean Tides' staff, have put Nelson on the path to future success.
